

THE SUNBLOOM Product Line

After years of selling SunBloom products in the Caribbean, I decided to bring them to the United States. At first, I urged friends and associates to try the products, and they were thrilled at how well they worked. Everybody buzzed about the luxurious feel of the products and raved about how their hair responded.

Now, we are launching SunBloom hair care products for professional use here in the United States. We carefully selected the products in the line, making sure to provide everything needed for shiny, healthy hair, and especially products designed to heal highly damaged hair. SunBloom is made in the Dominican Republic exclusively for us.

We have researched the market, and have concluded that these products are among the best for ethnic hair types. Try them. You will see and feel the difference.

Pernis Malone

PRESIDENT
SunBloom, Inc.

The select SunBloom product line is designed to provide everything ethnic hair could need. We have a treatment or solution for most hair needs – there is a SunBloom product to cleanse, to condition, to restore, to renew, to repair, and generally, to make hair healthier and shinier.

Cleanse

SunBloom Shampoo *Rich, tropical formula for processed hair*

SunBloom Shampoo is especially good for processed hair but it is highly effective on all hair types. The tropical, vitamin-enriched formula gives hair a natural shine and restores depleted nutrients.

Condition

SunBloom Balsam *Rich moisturizing formula conditions hair*

SunBloom Balsam gives hair the protection it needs and it's ideal to help repair dry, split ends. The protein-rich moisturizing formula strengthens hair while detangling.

Revive

SunBloom Leave-In Moisturizer *Rich and intense*

SunBloom's cream-formula moisturizing treatment conditions hair as it weathers the punishing heat of the hairdryer, providing a smooth, lustrous finish. SunBloom Leave-in Moisturizer creates a protective barrier, shielding hair from heat damage while preventing dryness and split ends.

Protect

SunBloom Shine *Rich protection for your hair*

A drop or two of SunBloom Shine adds brilliance to hair while protecting it from the sun.

Renew

SunBloom Hair Mask *Rich, intensive revitalizer*

SunBloom Hair Mask delivers a tropical vitamin boost, protecting hair from the sun's daily damage and from harsh chemical treatments. The deep treatment adds life to hair, restoring shine and manageability.

Repair

SunBloom Deep Treatment 3 x 1 *Rich, restorative formula*

SunBloom's Deep Treatment works tropical magic on damaged hair, restoring its health and imparting shine.

Restore

SunBloom Emergency *Rich, deep treatment*

Infused with nutritious rice protein and Aloe Vera, SunBloom Emergency works to neutralize chemicals such as texturizers and dyes and to regulate moisture levels, making hair shiny and manageable. Hair gains body and strength, becoming less porous and 100% brilliant. SunBloom helps form a protective coating on each strand of hair, locking in moisture and preventing frizz.

PUTTING Sun and Science IN SUNBLOOM

Developed in the Dominican Republic, SunBloom hair care products are specially formulated for the needs of ethnic hair types and chemically damaged hair. Over the years, Dominicans have developed a world-wide reputation for mastering the special needs of ethnic hair.

SunBloom products are formulated for tropical conditions, making them the ideal product for ethnic hair. These are not mass produced, one-size-fits-all hair care products. In fact, they are produced in small batches, exclusively for SunBloom.

From the moment you open a bottle of SunBloom, you will experience its richness and our refreshing and invigorating tropical scent will transport you to the Caribbean. SunBloom products are fortified with the finest vitamins and proteins to strengthen your hair and repair the damage wrought by harsh chemical treatments, excessive heat and humidity.
